Scoutmaster Minute Possibilities

- Undertake something that is difficult; it will do you good. Unless you try to do something beyond what you have already mastered, you will never grow. Ronald E. Osborn Cleric
- Strategic planning is worthless--unless there is first a strategic vision. John Naisbitt Futurist
- A positive attitude is a magnet for positive results. Author unknown
- Don't spend ten dollars' worth of energy on a ten-cent problem...There are millions of want-to's and have-to's in life. Ultimately, these pressures create stress only when your time and energy-spending decisions aren't consistent with your goals, beliefs, and values. Donald A. Tubesing Psychologist and stress management consultant

Constellation of the Month

Cassiopeia: the Queen of Ethiopia. To find Cassiopeia use the line formed from the big dipper to the North star and continue to the left. This constellation takes the shape of a W and is visible all year round.
