## Scoutmaster Minute Possibilities:

- Aspire to decency. Practice civility toward one another. Admire and emulate ethical behavior wherever you find it. Apply a rigid standard of morality to your lives; and if, periodically, you fail--as you surely will--adjust your lives, not the standards.  
–Ted Koppel
- Don't let anything stop you. There will be times when you'll be disappointed, but you can't stop.  
–Sadie T. M. Alexander
- There are two things over which you have complete domination, authority, and control--your mind and your mouth.  
–Molefi Asante
- Cooperation is spelled with two letters--WE.  
–George M. Verity

**Constellation of the Month: Lyra, The Lyre.** It is situated just below Hercules and below and to the left of the North star. Legend has it that the constellation is associated with the lyre that Apollo gave to Orpheus, whose music captivated every living thing. The alpha star, Vega, is the heavens fifth brightest star and the first to be photographed (1850). Vega at one time was the Polar star and in another 14,000 years it will be again.
